

CAMP CLEARWATER SIGN POLICY

Where are the yard sales? Who can help with lawn care? Good signage can help us all. Too many signs are unsightly and ineffective.

Smaller signs may be placed on the sign board at the office on the LP tank canopy. The office will assist you with the use of this board. Professionally made yard signs may be placed on Main Street at the end of the Horse Shoe area. You may advertise your business and/or yard sale on your lot, as long as it is done in good taste. Signs that are not in designated areas will be removed. This will decrease the clutter and make our campground more appealing.

As always, we appreciate your business at Camp Clearwater. Working together, we can have the best park anywhere - a clean and safe vacation resort for everyone to enjoy.

Thank You!
